## DIN Rail Power Supply - Power supply 24V-120W-5A

---

**Short description:** for DIN rail mounting, without connection cable, type: SDR-120-24

**Order number:** 4-40-218

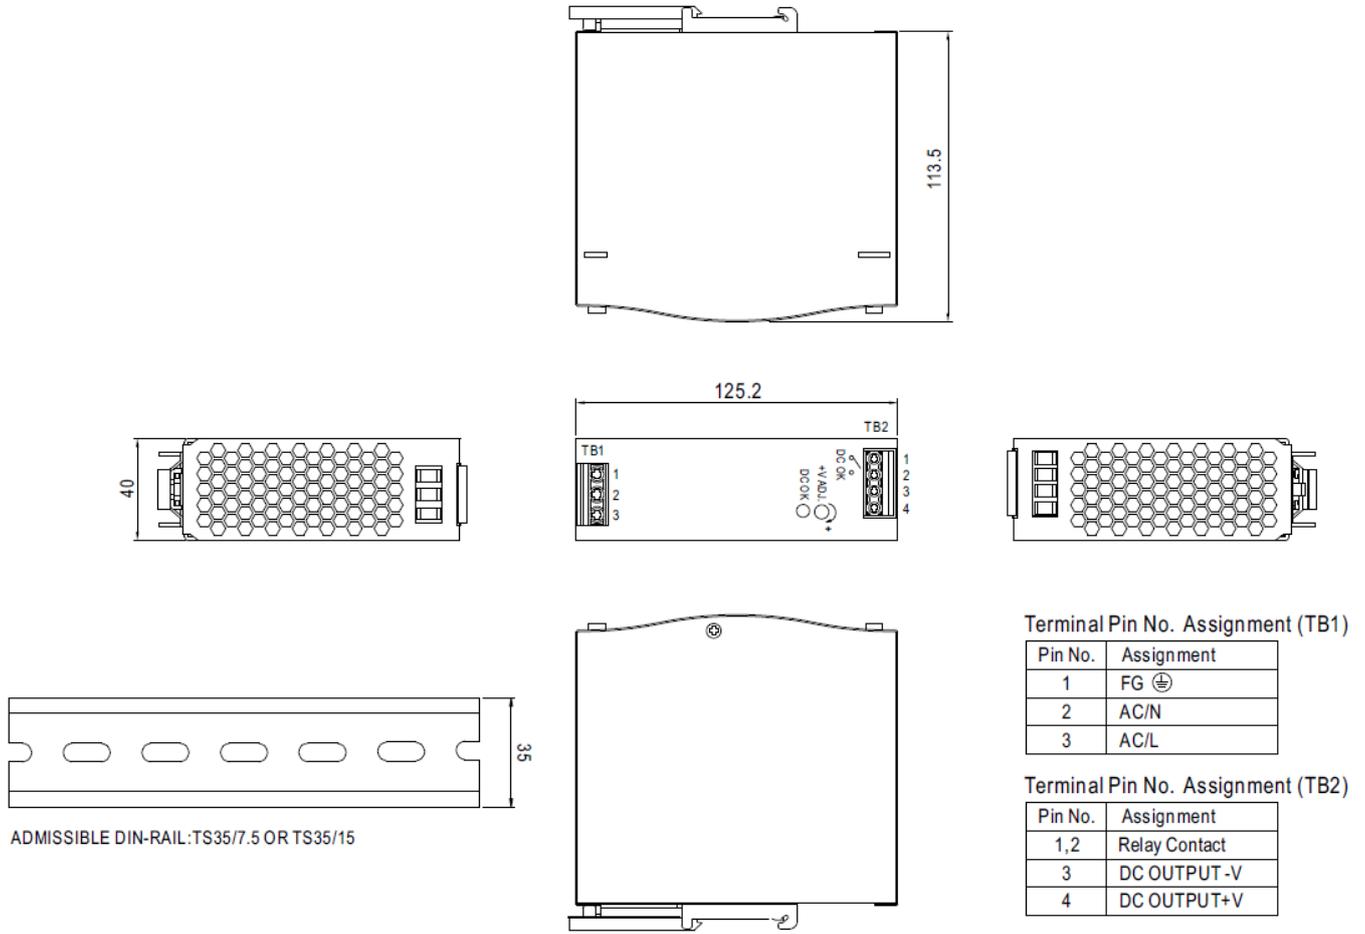

---

### Characteristics

- slim-size metal case
  - Wide-range input
  - High efficiency 91% and low power dissipation
  - 150% peak load capability
  - Protections: short circuit / overload / overvoltage / overtemperature
  - Cooling by free air convection
  - Installation on DIN rail TS-35 / 7.5 or 15
-
