
DIN Rail Power Supply - Power supply 24V-120W-5A

Short description: for DIN rail mounting, without connection cable, type: SDR-120-24

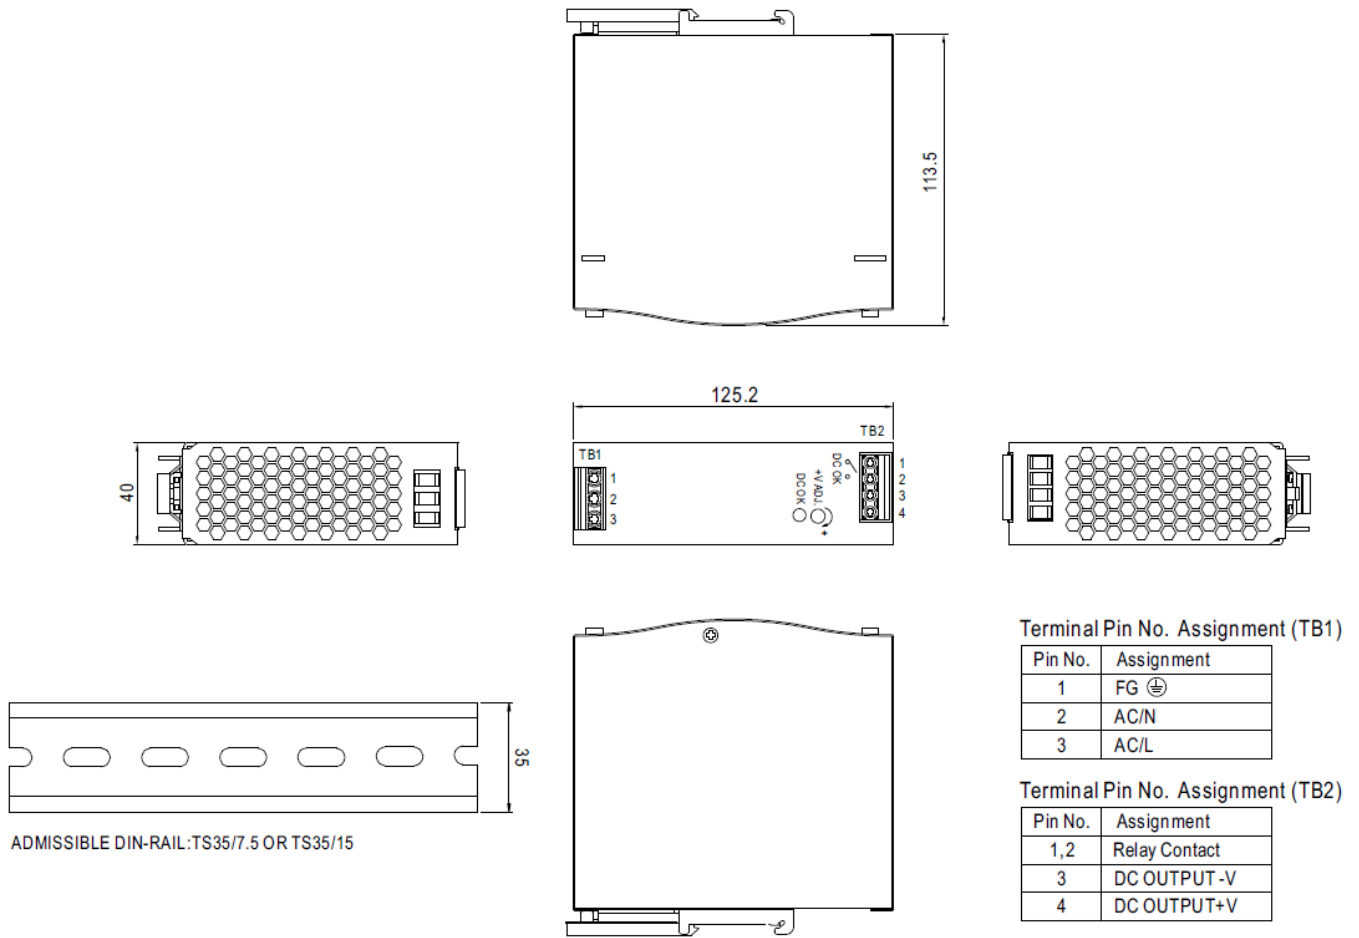

Order number: 4-40-218

Characteristics

- slim-size metal case
 - Wide-range input
 - High efficiency 91% and low power dissipation
 - 150% peak load capability
 - Protections: short circuit / overload / overvoltage / overtemperature
 - Cooling by free air convection
 - Installation on DIN rail TS-35 / 7.5 or 15
-
