## Accessory for Vision Systems - Netzteil-TFM

---

**Short description:** Power Supply for Alvium Cameras

**Order number:** 4-40-335

---

### Characteristics

- Power Supply with Cable (TFM-Socket)
  - For Alvium G1 and Alvium G5 camera usage without POE
  - Recommended by Allied Vision Technology (13870)
-

---

## Technical data

---

### Output parameters

---

|               |    |
|---------------|----|
| Current range | no |
|---------------|----|

---

### Input parameters

---

|               |    |
|---------------|----|
| Voltage range | 10 |
|---------------|----|

---

---

|                 |                   |
|-----------------|-------------------|
| Frequency range | Type TC-FP-215682 |
|-----------------|-------------------|

---

---

|                   |        |
|-------------------|--------|
| AC current (Typ.) | Socket |
|-------------------|--------|

---

---

|                 |  |
|-----------------|--|
| Leakage current |  |
|-----------------|--|
